**VIROL – OXY**  
**EN 13624**  
**yeastocidal activity**

## EXPERT OPINION

After testing the disinfectant **VIROL - OXY** according to EN 13624 (2013) I give the following statement based on the results from the test laboratory HygCen Germany GmbH out of the test report dated 2020-04-04 (PB 2020-0711, SN 29308):

According to EN 13624, the product **VIROL – OXY** shows a yeastocidal activity ( $\geq 4\lg$  reduction) under clean conditions at 20°C in 30 and 60 minutes when diluted at 5%, 3% and 2% (m/v) for the referenced test strain *Candida albicans*.
